HIGH-PRESSURE OIL-FREE AIR & GAS COMPRESSORS

INNOVATION IS OUR TRADITION

RIX Industries manufactures a wide range of reciprocating piston compressors for industrial gases and breathing air. We specialize in oil-free technology and high pressure.

RIX Industries' markets span a wide range including industrial gas companies, refineries & chemical plants, offshore oil platforms, commercial diving, OEM's, SCUBA tank filling and Government Agencies. Although we have a number of standard compressor products for both Department of Defense and Commercial markets, we routinely supply units to customers with custom applications.

Demanding applications have propelled RIX to become a leader in oil-free high pressure technology.

RIX Industries has been in business for 135 years and as such, we have built a foundation of stability through years of experience. We have an extensive product line in a variety of markets and specialize in building to customer requirements. RIX maximizes on innovation by continuously introducing new products with improved technologies. With 80% of our sales coming from repeat customers, our reputation speaks for itself.

The men and women who fight for the preservation of freedom throughout the world deserve the very best that industry can provide. Our mission at RIX Industries is to design and produce systems that provide reliable and economical benefits to our customers. Reliability, Innovation and eXperience has been, and continues to be, our standard of excellence for all our customers and our products.

TRADITION

RIX is dedicated to all aspects of our work, which include both Department of Defense and Commercial markets. Our history speaks for itself when it comes to experience, quality, and longevity of product lines. We employ these same principles of hard work and innovation towards new products and a 'thinking outside the box' approach towards unique applications and system problem solutions. For a comprehensive view of all our products and to contact us anytime, visit us at rixindustries.com.

EXPERIENCE

1878
RIX FOUNDED IN THE SF BAY AREA BY MR. E.A. RIX

1895
FIRST RIX MILITARY COMPRESSOR USED FOR PNEUMATIC ARTILLERY

1906
GREAT EARTHQUAKE, RIX REBUILDS COMPANY IN SF

1913
RIX PNEUMATIC DYNAMITE GUN USED FOR THE ARMY IN SF

1922
FIRST RIX SUBMARINE COMPRESSOR - U.S. H-CLASS SUBMARINE

1955
62% OF RIX BUSINESS IS NOW MILITARY. FIRST GROUND SUPPORT CONTRACT.

1972
FIRST LOW PRESSURE AIR COMPRESSOR (LPAC) ON SURFACE COMBAT SHIPS; GRADE A CLASS 2 SHOCK

1976
RIX MANUFACTURED OVER 200 COMPRESSORS BETWEEN 1976 AND 1979.

1990
5R5, STAR PRODUCTS ON MARKET

2001
RECEIVED CONTRACT FOR MARC-350 UNITS TO BE INSTALLED ON CARRIERS.

2002
RECEIVED CONTRACT FOR N-GEN NITROGEN GENERATING UNITS FOR THE GOVERNMENT
